APPENDICES

Appendix A.

The following is a listing of the machine advertising cancels listed in *“Ceskoslovenska Prilezitostna A Propagacni Razitka 1919-1969”* by Vaclav Nebesky [1971]. This six volume work contains both hand stamp cancels and machine cancels. Cancels are listed by topic and by first reported year of use as well, g offices using the cancel are also listed.

The advertising cancels are listed by year and by catalogue number. There are several that are not listed in the catalogue and have not yet been seen by the researchers, these are identified as “not listed.” There is another group which have not yet been seen by the researchers, these are Slovak versions on cancels already listed for the Czech variety. These have the catalogue number of the Czech version, followed by an “S.” When the Slovak version has been seen by the researchers, it will be given a specific catalogue number and included in the listing. Advertising text which has two parts is separated into two columns.

Pages from this series were scanned and converted to pdf files. Each pdf file was converted by “ocr” using Czech language [optical character reader] and placed into an Excel file. Errors were corrected. Duplicates were sorted. And the file copied into this report.

Appendix B.

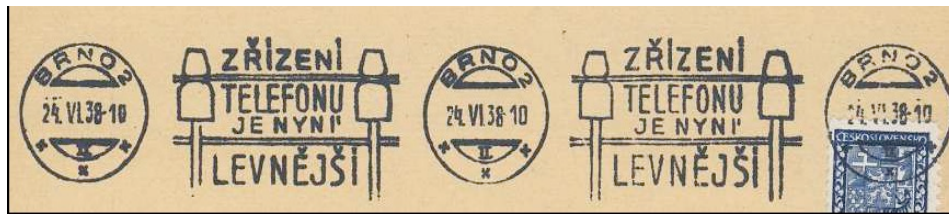

The following is a listing of advertising cancels, the offices, years and dates of use as found in : *Prehled turnusovych razitek pouzivanych na uzemi Ceskoslovenska* by M. Rulec, and J. Chudoba supplied by the authors and published in *Filatelie* in 2012. These are listed in this appendix by office and as the original article lists them by year and date, indicating that there was one slogan die that was circulated among the offices. Where there are no dates listed, the authors have not seen an example but believe that it was used in that office.

A version of this article entitled *STROJOVA RAZITKA S PROPAGACNIMI STOCKY: Cs. Turnusova Razitka* was published in the *Filatelie* 2012 issue 11 [first part] and a second article in issue 12.

None of the cancels listed below have been seen by the current writers.

The listing on the left side of the page is by office, then year. The listing on the right is as it appears in the article, by date.

Please note that dates are day/month [rather than month/day in above listing]. Each has been given the corresponding slogan number from Friedenthal and Schubert, *Czechoslovakia Machine Advertising Cancels: The First Republic Period*.
